

Call for the Orders of the Day CSAP Sierra Area Workshop – July 30, 2016

To Demand to take up the proper business in order (p. 219-224).

When can this privileged motion interrupt a speaker/motion?

Case 1: Agenda, program, or order of business is being varied from. [Yes/No]

Case 2: The time for the consideration of a general order has arrived or passed. [Yes/No]

Case 3: The time for the consideration of a Special Order. [Yes/No]

Though this is a Privileged Motion, it could be moved as a Main Motion if no motion is pending.

Though this is a Demand, 3 methods exist to nullify this Demand.

Case A: Chair may state, *“The orders of the day are called for. The orders of the day are [identify the business that is in order]. The question is “Will the assembly proceed to the orders of the day? As many as are in favor ... (a rising vote)”*

A 2/3 vote in the negative nullifies the Call.

Case B: Member may move, *“to extend the limits of debate on the current question.”*

A 2/3 vote in the affirmative nullifies the Call.

Case 3: Member may move, *“to suspend the rules that prohibit us from taking up [agenda item] at this time.”*

A 2/3 vote in the affirmative nullifies the Call.

Reminder:

1. A Demand does not need a Second, is not Debatable or Amendable, is not Voted upon.
2. If the Call is enforced, business is interrupted to take up the correct business. At the conclusion of the interruption, the interrupted business is taken up again at the point at which it had been discontinued.
3. An Order of the Day may not be taken up before its scheduled time (p. 364 lines 27-31), except through a suspension of the rules.
4. An Order of the Day is
